Download Skyblock maps for Minecraft PE: Mega, Logo LuckyTree, Planet and Z103 and other places in MCPE! Skyblock is an old but popular map genre in Minecraft PE. Mega skyblock Includes more than 40 different islands instead of one, as is usually the case. The area will surprise you with its beauty, each island is unique and has its own secrets. Skyblock Planet Here you will appear on a piece of the village. Around it will be full of resources that are small planets. Each of them symbolizes something. LuckyTree SkyBlock All languages At first glance, this is an ordinary place where everything depends on your luck. There are 4 different islands: regular starters; Fortress; uninhabited; Good luck. On the main island you have to start your usual survival and make a cobblestone generator! The Island of Happiness is a place where amazing things happen. Here is a tree, instead of the foliage from which Lucky blocks. But if you decide to plant a new tree in the same place, then it will also be happy, and you can open paint blocks endlessly. On the island of the fortress is a portal to the region. This is the place where you have to kill the dragon. An uninhabited island, this is a regular piece of sand in the sky. It will contain seeds and resources for creating a portal to hell. Logo SkyBlock It is an improved version of the usual Skyblock in Minecraft PE. The map has worked out the mechanics of the game and other islands. Skybock by Zad103 This map will appeal to anyone who likes long walks in the style of the skyblock. 17.04.2019 17.12.2019 Be sure to review the article: Install one of the most popular survival genres in Minecraft PE: Skyblock maps. We have selected the 10 best Skyblock cards for you: Hard Survival, Bedrock Edition, Lucky Blocks, Make a Generator and others. Skyblock is a kind of map in Minecraft for Android where you have to survive on an island in an open empty sky. The player must develop on a small patch with a limited amount of resources. Christmas This is a difficult area for survival on the Isle Sky Block in Minecraft PE. In addition to your island, there are 12 more. With resources, you need to explore all the islands. They have cool resources and other useful things to survive. → board for mining blocks: Make a shovel and dig snow with it. On a nearby island you will find a pumpkin and build a snowman. A snowman is a great way to get blocks. The complexity of the terrain is that everywhere winter and snow. Biome This place consists of islands of different Skyblock biomes. The player can Type of tree. In total, there are 9 different lands on the site. → purpose of the game: Find a way to explore all nine islands on the map. After research, you can survive in some way. Rules difficulty to maximum; The drawing is minimal. Hard Survival This is a very cool map where you don't get many resources at once, here you should get them from what is. You will first receive some food and resources for a cobblestone generator. Useful: To make an endless source of water, go to hell, there will be a second ice cream. Planets This is an unusual Minecraft Pocket Edition map in the Skyblock Survival genre on the island. Here it is necessary to survive on entire separate planets. Start your switch on a small and inconspicuous planet and explore others. → Important: Externally, planets are made of resources, but inside they hide many dangers.
